

MEMORANDUM FOR: The Director 11130

This is for your information and bears on the Cooper Bill.

At lunch last week with some of the DDI Office Directors, Ray Cline said that he has proposed to the Department that INR's daily "Current Briefing Notes" be sent to the foreign relations committees of Congress. These are short pieces prepared each morning for the routine morning briefing process in State. This could be a precedent counter to our position with regard to our publications and these committees.
